

CITY OF LONDON SCHOOL FOR GIRLS

WORK EXPERIENCE POLICY

At CLSG, we believe that short periods of work experience for pupils in Year 11, 12 and 13 provide an invaluable help in deciding upon the course of study that they wish to pursue at university. It enables them to gain an insight into the qualities which are useful to employers and to understand the value of inter-personal and communication skills as well as experiencing team-working in the work place. We have a set two week window in which Year 11 placements are arranged but for Year 12 and 13 placements are organised on an individual basis.

RELEVANT LEGISLATION

Relevant legislation includes:

- The Employment of Women, Young Persons and Children Act 1920
- Dangerous Machines (Training of Young Persons) Order 1954
- The Employment of Children Act 1973
- The Health and Safety at Work Act 1974
- The Health and Safety (Training for Employment) Regulations 1990
- The Education Act 1996
- The Management of Health and Safety at Work Regulations 1999

ORGANISING WORK PLACEMENTS

At CLSG, we believe that it is important for our girls to develop the initiative and to make the arrangements themselves, although we are able to provide a helping hand in the case that an individual has difficulty securing placement. We maintain a library of previous pupils' reports on their work experiences and have access to a number of potential work places via the school community. However, now that work experience is no longer confined to the UK, or even to the EU, and the variety and complexity is so extensive, the school recognises the limits to its contacts and expertise in this field.

DOCUMENTATION

We are able to support girls' applications for work experience by providing references at the application stage. We have a school work experience diary which is available to any girl undertaking work experience in order to help her focus her time at her placement. Once completed, these, plus any references received by employers are kept on file for use in future references for university and employment.

HEALTH & SAFETY

The effectiveness of the employer's risk management arrangements is what matters. Employers providing the placement should already be managing the risks in their workplaces and are best placed to assess whether or not they need to do anything additional for a new young person joining them.

The Governors in conjunction with the Head teacher are responsible for all aspects of work experience in Year 11, including health and safety (except in instances where placements are arranged without the support of the school, outside of the set dates, outside the M25 or where parents opt to assume responsibility for their child on placement). The School acknowledges its responsibilities under common law to act, as would a reasonable parent, acting "in loco parentis". The school's aim should be to ask sensible questions, in proportion to the level of risk, to satisfy themselves that those arrangements are in place.

For girls undertaking placements in Year 12 and 13, if these placements are organised via a school contact, then the school's online forms need to be completed by the employer and the student undertaking the placement. This information then must then be sent to the other party but parents must then take responsibility for their daughter for the placement to take place. The school will not be able to visit these students whilst on placement. For privately organised placements in Year 12 and 13, students can submit paperwork to be kept on file (such as diaries and references) but students are not required to inform the school in advance of any such placement.

In order to ensure that a work experience placement satisfies all legal requirements and that girls are insured under the school insurance, girls and employers must complete relevant documentation which must then be approved by the school and sent to parents before a placement can take place. The school should not be second-guessing employers' risk assessments or requiring additional paperwork for any work experience placement and therefore the online form below must be fully completed by any employer offering a placement to any CLSG student who is wanting to be covered by the school's insurance.

Once this documentation has been completed and the Head has given authorisation then the placement may take place.

If a placement planned is out of London or on dates which are not those specified then parents are able to take responsibility for their daughters by sending an email containing the following wording to the Head of Careers.

Dear Miss Perkins

I am writing to confirm that I agree to take full responsibility for my daughter (Daughter's name) whilst she is on work experience as the dates/ location* is different to the school's requirements. I agree that I will satisfy myself that the work environment in which my daughter will be placed will be safe and suitable. I appreciate that I do not need to complete the school's paperwork for work experience placements, but that my daughter will not be visited by a member of staff whilst on placement and that this also means that the school will not be liable in any way should anything go wrong.

Regards
(Parent name)

For students in Year 12 and 13, work experience organised independently can take place without school being informed. Where a placement is finalised through a school contact then the student and the employer must complete the online forms and the school must send the information to the other party. The parents must email to take responsibility as the student is not covered by the school's insurance.

INSURANCE COVER

The Year 11 girls covered by the City of London Corporation's personal accident insurance as long as their placements are in London during the set dates specified by the school, but by law, the placement should also have Employer's Liability cover in place. Teachers from school will visit or occasionally call each student during the two weeks that they are on placement in order to check that all is going well from the student and employer perspectives.
